EXPERIMENTAL STUDIO

The SWR Experimentalstudio enables composers to work on their compositions with (live)-electronics on site. Such a working residency allows the collaboration with the Experimentalstudio team as well as the use of the studio equipment.

In certain cases the Experimentalstudio additionally grants a stipend in order to partially cover the costs of the stay (food, lodging, travel). Artist residencies are usually awarded for a duration of between two and four weeks.

The deadline for applications is October 31st. A decision on the applications received is made in December each year for the calendar year after next. Further information can be found on the webpage of the SWR Experimentalstudio.
